

THE FLOOR HEATING COMFORT YOU DESERVE

MAXIMUM RELIABILITY

Proven Technology &
12-Year Total Care Warranty

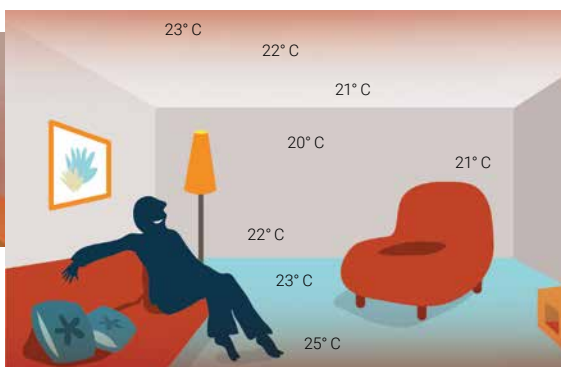

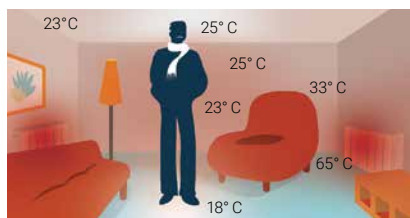

RAYCHEM

Tiles are practical, hard wearing and easy to keep clean but can feel cold to walk on. When your feet are warm, your entire body feels warm. With the addition of electrical underfloor heating you can have all the benefits tiles offer with a lovely warm feel too.

Delight in a warm tile floor

5 good reasons to choose the luxury of a nVent RAYCHEM heated floor

THE LUXURY OF A WARM FLOOR !

- (1) Floor heating spreads the heat evenly, minimising temperature variations across the room.
- (2) In bathrooms towel rails and radiators are usually covered by towels which blocks heat from efficiently getting in to the room.
- (3) Underfloor heating can free up space so you can move your furniture around freely, without compromise.
- (4) Increase value of your home
- (5) Ideal for renovation projects. The installation is simple, straightforward and fast.

Total Care Warranty =
Total peace of mind for you.

Have you ever thought of having a warm floor in your wet room ?

It is possible to install RAYCHEM products easily in a wet room environment. RAYCHEM products have an earth protection that makes them suitable all the way to shower drain.

Underfloor heating, an AFFORDABLE luxury

**FLOOR HEATING IS A LUXURY
BUT AN AFFORDABLE LUXURY
IN YOUR HOME.**

Initial costs are low when compared with the overall cost of a new kitchen, bathroom etc.

- Installation costs are low as the product is quick to install. (and can be done by the electrician who is likely to be around anyway)
- Smart control will ensure comfort, reduce energy consumption, and save on running costs:
 - (1) Fully customisable on/off timer functions
 - (2) Economy settings to ensure only the heat needed is delivered to the room
 - (3) Compatible with insulation board
 - Energy savings up to 65% during heat up
 - Up to 20% reduced downward heat loss
 - (4) Control demonstrating the highest levels of control accuracy and performance

DID YOU KNOW THAT RUNNING
FLOOR HEATING CAN COST YOU
LESS THAN A NEWSPAPER A DAY?

One week
= £ 0,80

Per week
= £ 0,80

To be even more energy efficient
consider using Insulation board.
This will give you a **65% faster heat
up and therefore a 20% reduction
in heat loss.**

Per week
= £ 1,16

Heating solutions for every situation

Thermostat

**SENZ &
SENZ WIFI**

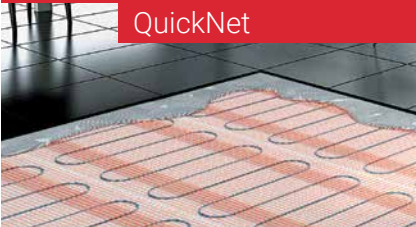

NEW GENERATION OF FLOORHEATING THERMOSTATS

The nVent RAYCHEM SENZ range of thermostats enables users to control their electric floor heating system simply and easily through an innovative touchscreen functionality and WiFi capability.

Available in different designs:

RAYCHEM black or switch gear frames (white, anthracite or metallic).

QuickNet

THE THIN, SELF-ADHESIVE HEATING MAT

For use only under tiles and natural stone. Ultra thin 3mm thick heating cable and no need to raise floor levels nVent RAYCHEM QuickNet 90 for well insulated floors and for complimentary heating, mainly used on timber subfloors. Quicknet 160 for fast heat up and poorly insulated floors, mainly used on concrete subfloors.

T2 Red

THE INTELLIGENT UNDERFLOOR HEATING SYSTEM

Self-regulating system that senses other heat sources and adjusts its heat output accordingly. No risk of over heating. Installed on all subfloors.

T2 Red & Reflecta

THE ENERGY-SAVING UNDERFLOOR HEATING SYSTEM

Provides extra energy savings of 20% or more. The thermal insulation and aluminium plates reduce heat losses. Adapted to all room sizes and can be installed on most subfloors.

The perfect team for optimal floor heating comfort

Energy Savings

Up to 65% during
the heat-up phase

Up to 20% reduced
downward heat loss

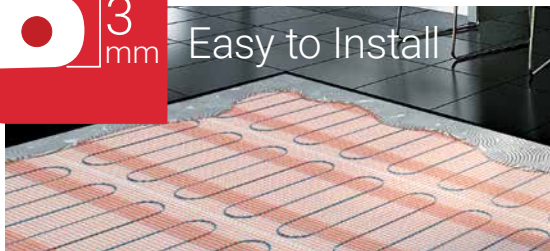

To get maximum comfort and efficiency we recommend the use of a RAYCHEM programmable thermostat which guarantees heat is produced only when needed.

A floor insulation board will reduce any potential downward heat loss, up to 20%.

This combination reduces the consumption during heat-up of up to 65%.

Easy to Install

**One, two, three ;
installed without hassle.**

All RAYCHEM floor heating solutions are easy to install, with minimal height increase (3mm to max 15 mm).

Can be installed onto any sub floor and suited for most top floors.

Total Care Warranty

All RAYCHEM floor heating products are tested to the highest standards, it is very unlikely that they would fail.

You can have peace of mind by knowing that all products come with a 12 year warranty. A 20 year warranty is available if installed by Certified Pro Installer.

Total Care =

- product replacement (also thermostat!)
- installation cost
- repair or replacement of floor covering
